

Construction Update – 19th September 2017

Ashby-de-la-Zouch, Junction 13 – A42/A511/A512 Roundabout Improvements

UPCOMING NIGHT TIME WORKS

Commencing on the 18th September (last night) there will be a period of approximately 5-6 weeks work to complete the final elements on the above scheme. These works will include the installation of new directional signing, along with new street lighting and all associated ducting installation, on the Highways England access and exit slip roads from the A42.

The above works will require various traffic management restrictions including lane closures and slip road closures. Slip road closures will commence on Monday 25th September at 8:00 pm until 6:00 am nightly from Monday to Friday for approximately 3 weeks. Each night only one slip road will be closed and the diversion will entail travelling to the next junction and returning on the opposite carriageway.

The southbound exit slip will be the first slip road to be closed followed by the southbound entry slip during the following night. A full schedule of closures can be provided if required, however this may be subject to change depending on the progress of the works. Please contact the email below if you require further information.

We would like to take this opportunity of thanking you for your help and co-operation during the duration of this project. The onsite team appreciated your understanding and patience, and this has made the works far easier and safer to complete.

FUTURE WORKS IN THE AREA

Eurovia Contracting are proud to announce that we have been selected as the Principal Contractor for a new scheme commencing on the 25th September 2017. This scheme involves improvements to the Discovery Way Junction and Tesco's roundabout. For further information please see the website below and in addition we will be providing details of the works due to take place later this week. The team at Eurovia very much look forward to working with you all again.
