

## Weekly Construction Update – 29<sup>th</sup> September 2017

### Ashby-de-la-Zouch, Junction 13 – A42/A511/A512 Roundabout Improvements

#### THIS WEEK

Works have continued installing ducting along with other associated works, on both the Northbound and Southbound entry and exit slip roads on the A42 Highways England network. A diversions route has been implemented to accommodate the works.

#### NEXT WEEK

Road closures will be in place on the A42 entry and exit slip roads of the Northbound and Southbound carriageways to allow for continued installation of the infrastructure for the new street lighting works.

The ongoing works require various traffic management restrictions, including lane and slip road closures. The works will continue from Monday to Friday 8:00 pm until 6:00 am nightly for approximately another two weeks. Each night a slip road will be closed and the diversion will entail travelling to the following junction, exiting and returning on the opposite carriageway to exit at Junction 13 on the side that is open.

The schedule of closures is subject to change depending on the progress of the works. Please contact the email below if you require further information.

We would like to take this opportunity of thanking you for your help and co-operation during the duration of this project. The onsite team appreciate your understanding and patience, and this in turn makes the works far easier and safer to complete.
