

Weekly Construction Update – 5th January 2018

Discovery Way, A511 Bypass and Tesco Roundabout Improvements

THIS WEEK

A inbound closure was implemented this week for works to commence on the inbound access to Discovery Way from A511 Ashby Bypass. We have installed a pedestrian diversion route to safely accommodate the excavation works that have now commenced in the footway. The installation of ducting to facilitate the new traffic signal crossing has been completed. The old kerb line has been removed to allow for the construction of a new maintenance layby, footway and new drainage kerbs.

NEXT WEEK

Works will continue to construct the maintenance layby and with new drainage kerbs being laid and Type 1 stone applied to the area. Works will also be ongoing in the footway. The road closure is programmed for the next two weeks. We plan to reopen the footway at the very earliest convenience and thank you for your patience.
